Description
This versatile 3-axis work positioner enables movement of work to any suitable work position.

Application
Ergo Force is ideal for secure positioning of any object for any project, no matter what size or shape. This motorized work positioner offers unlimited applications in any industry and is advantageous in any shop or work area.

Ergonomic Benefit
• Eliminate employee strain, fatigue and injury.
• Create a safer and more productive work environment.
• Allows easy access and worker comfort for any job.

Standard Features
• Designed and built in the USA for the most robust and heavy-duty applications.
• Offers full flexibility to move work to any suitable work position.
• The “L” shaped rotational arm allows easy access to work, comfortably and safely.
• Adaptable to any work fixtures.
• Up, down, tilt and rotation controlled by handheld pendant.
• Safety is assured through foot pedal interlock.
• Manage loads up to 600 lbs.
• Unlimited rotation on Y and Z axes.

Options
• Programmable Laser Scanner is placed in front of machine to stop machine if the operator is within programmed safety field.
• Pneumatic output (for fixture safety lock) in center of turntable.
• Weld ground.
• Turntable rotation from separate foot pedal.
• Safety interlock from fixture.
